3-Point Heavy Duty Center Case Latch Kit with Round Rods

Features
three point center case allows the inside handle to override the outside handle, even if the outside handle is locked or jammed (used with handles that have a 180° or 360° rotation only)
all parts are zinc plated
accepts handles with .500 [12.70] or .625 [15.88] sq. shaft. (refer to handles on pages 49–63)
each part number may be ordered separately
